PRESIDENT'S REPORT

Dr. Randolph reminded the members of the Board to complete their 2016 Financial Disclosure Statements for the Ohio Ethics Commission, deadline May 15, 2017. She also noted that the annual 2017 Ohio Ethics Law training announcements have been made, and forwarded by email from Dr. Ross. She noted that a substitute budget bill is anticipated in late April, and that it will clarify the status of a proposal to consolidate the Psychology Board and others. Dr. Randolph will sit on a panel at the Ohio Psychological Association (OPA) Legislative Day in May 2017, to talk about the Board's perspectives on regulation.

Dr. Randolph led a scheduling discussion and presented a review of dates for Board business meetings, retreat, and examinations. Dates were agreed to and confirmed as follows:

Oral examinations: June 9, 2017, Riffe Center
 Board strategic planning retreat: June 15-16, 2017, Riffe Center
 Board business meeting: July 20, 2017 9:30-12:30, Riffe Center
 Oral examinations: July 20, 2017 1:30, Riffe Center
 COBA pre-certification workshop/exam: July 21, 2017 9:30, Riffe Center
 Board business meeting: October 12, 2017 9:30-12:30, Riffe Center
 Oral examinations: October 12, 2017 1:30, Riffe Center
 COBA pre-certification workshop/exam: October 13, 2017 9:30, Riffe Center
 Oral examinations: December 8, 2017 9:30, Riffe Center

The Board reached consensus that the staff will limit examinations to five (5) per team under typical circumstances, with six (6) to be scheduled under unusual or emergency circumstances. Discussion resulted in consensus that Dr. Ross shall be placed into the rotation to conduct oral examinations with a member of the Board. This will also allow for flexibility in scheduling examinations in Columbus on an as needed basis if demand requires a team to administer exams in between scheduled dates.

Dr. Randolph requested that the draft minutes of meetings not be printed for review at business meetings to save resources and because they are placed on the Board website for members to review and to note corrections as necessary.

ENTRANCE EXAMINER REPORT

The motion passed.**HB290 CE CREDIT FOR VOLUNTEER SERVICES-DRAFT RULE**

Dr. Ross presented a draft rule to be filed in compliance with HB290:

OAC 4732-2-01

(A) Requirements:

- (1) Hours to be applied toward the CE requirements shall represent actual time spent in continuing education that meets the requirements set forth in this rule.
- (2) Any license holder shall be given credit, as defined in rule 4732-3-01 of the Administrative Code, for participation in any CE program or course that is not specifically disapproved by the board as provided for under paragraph (C)(5) of this rule and that is designated as acceptable by a relevant accrediting authority as specified in division (B)(1) of section 4732.141 of the Revised Code as meeting the following criteria:
 - (a) The program or course is presented within an organizational structure that assures accountable administrative control, accurate record of course participation/attendance, and professional responsibility for course design and implementation;

- (b) The specific program or course is relevant to the practice of psychology in terms of subject matter and level, as required by division (C) of section 4732.141 of the Revised Code;
- (c) In accordance with division (B) of section 4745.04 of the Revised Code, up to one-third of the biennial CE requirements may be completed by providing volunteer services to indigent and uninsured persons. To qualify under this rule, volunteer services shall:
- (i) Be provided at a free clinic or other non-profit organization that offers health care services based on eligibility screenings identifying the client as an "indigent and uninsured person" as that term is defined in division (7) of section 2305.234 of the Revised Code;
 - (ii) Not be credited for license holders in a paid position at the organization at which the services are rendered;
 - (iii) Be psychological or school psychological services provided in compliance with the professional conduct requirements specified in rule 4732-17-01 of Administrative Code;
 - (iv) Be credited as one hour of CE for each sixty minutes spent providing services as a volunteer, not to exceed seven hours of the total biennial CE requirement;
 - (v) Not count toward the requirement to complete four hours of CE in professional conduct, ethics, and/or the role of culture, ethnic identity, or both in the provision of psychological assessment, consultation, or psychological interventions, or a combination thereof; and,
 - (vi) Be documented in writing in the form of a certificate or a written statement on letterhead from an administrative official at the organization where services were rendered, specifying at a minimum the license holder's name, license number, date(s) of qualifying volunteer services, and number of hours of services.
- ~~(e)~~(d) Completion of the program or course or verification of qualifying volunteer services provided under paragraph (C)(2)(c) of this rule is registered with the "Ohio Psychological Association" or the "Ohio School Psychologists Association," in accordance with division (B)(2) of section 4732.141 of the Revised Code and with the implementational procedures that shall be negotiated annually between the board and the "Ohio Psychological Association" and the "Ohio School Psychologists Association."

Discussion resulted in consensus that there shall be an addition to the rule requiring that CE credits earned under this rule shall be reported as a one-time submission per biennium to assist OPA-MCE and OSPA-MCE in accounting for the activities and to reduce paperwork and the chance for errors. Dr. Ross was instructed to write language to accomplish this and to file the rule.

Dr. Cole made a motion to approve filing of the rule amendments with the additions to be made by Dr. Ross noted above; Dr. Drude second.

A vote was taken:

Aye: Mrs. Borges Dr. Randolph, Dr. Drude, Dr. Rabold, Dr. Cole, Mr. Hoffman; Dr. Hedges

Nay: None

Abstain: None

The motion passed.**EPPP-2 UPDATE/DISCUSSION**

Dr. Ken Drude

Dr. Drude led a discussion about ASPPB's ongoing work on development of a competency-based pre-licensure examination, the EPPP-2, which is proposed to serve as a supplement to the knowledge-based EPPP. Consensus was reached that the details from the item-writing process will be important to understand before fully appreciating the content and validity of a new examination.

Concerns about prospective costs and additional financial burden on applicants and early career psychologists were raised by an attendee, Mr. Michael Ranney, Executive Director of OPA. Members of the Board echoed these concerns, and Dr. Randolph asked that the minutes reflect this.

NEW BUSINESS

Dr. Randolph asked Dr. Cole to report on issues specific to the school psychologist scope of practice and a decrease in the number of license holders over the past several years. He reported that, among Board-licensed school psychologists, there is concern and confusion about the scope of diagnostic assessments and conclusions allowable (e.g., ADHD). There was discussion about the scope of practice in ORC 4732.10, which was distributed for review:

(E) "Practice of school psychology" means rendering or offering to render to individuals, groups, organizations, or the public any of the following services:

- (1) Evaluation, diagnosis, or test interpretation limited to assessment of intellectual ability, learning patterns, achievement, motivation, behavior, or personality factors directly related to learning problems;
- (2) Intervention services, including counseling, for children or adults for amelioration or prevention of educationally related learning problems, including emotional and behavioral aspects of such problems;
- (3) Psychological, educational, or vocational consultation or direct educational services. This does not include industrial consultation or counseling services to clients undergoing vocational rehabilitation.

Discussion resulted in consensus that Board-licensed school psychologists have a relatively broad scope of practice so long as competence is supported by education, training, and/or experience. This includes the diagnosis of many educationally-related learning problems, including but not limited to ADHD. Consensus was also reached that there is a need to increase access to services and not short-change the public from seeking and receiving school psychological services as allowed in law. A consensus statement was agreed to:

The Board-licensed school psychology community is encouraged to think broadly about providing a range of diagnostic and intervention services within the scope of practice in law to increase public access to services and to ensure that services are rooted in competent practice as established by education, training, and experience.
