The motion passed.

PRESIDENT'S REPORT

Meeting and oral exam scheduling. Dr. Hedges confirmed oral examination teams for May 18, 2018 at 9:30AM, and the Board agreed to schedule a business meeting and examinations for October 25 and a COBA pre-certification workshop on October 26.

Workgroup update: Psychologists in employment/disability matters. The Board was updated on the outcome of a productive stakeholder workgroup meeting and the resulting plan to present a draft statement including resources and expectations on the IME process at the July 19 business meeting.

Retreat Preparation. Dr. Hedges reported that plans for the May 4 retreat are complete, and that there will be presentations by stakeholders and discussion about the Board's role in the broad context of mental health and government. A focus will be on "friction points" related to Board regulations, what we do well, and what can improve. Following the retreat there will be consideration given to integrating outcomes and ideas into an updated strategic planning process.

SB332 (131st GA) compliance update. Dr. Hedges announced that the Board has completed the steps necessary to comply with requirements in SB332 through Dr. Ross's work to provide links on the Board's website to state and national resources and continuing education opportunities specific to race and gender disparities in healthcare.

Dr. Hedges asked Dr. Randolph to update the Board on Sub HB326. Dr. Randolph reviewed changes in the substitute bill, including changes to Board membership composition by adding one prescribing psychologist and one physician and removing one consumer advocate. There was brief discussion about the concept of supporting enactment of a requirement that the Board president be a psychologist.

A brief discussion was held on the school psychology examination committee's role over the years. Dr. Ross reported that the committee used to be responsible for a separate examination development and grading process for school psychologist applicants, although since 2013 all psychologist and school psychologist candidates have been required to pass the same oral examination. Dr. Ross noted that the Board needs to administer examinations in a manner it deems is most efficient and responsive to needs of the applicants and the Board, such as demand, convenience, efficiency, and Board member familiarity with the examination. Dr. Cole indicated that because the Board's regularly scheduled examination dates can accommodate the school psychology candidates on equal footing with psychologist license candidates, it could be argued that the committee's role is obsolete. Dr. Ross pointed out that the Board is also required to pay a quarterly fee to DAS to carry committee members on state payroll, regardless of whether time is being paid or not. The committee's role is in statute, and this issue will be addressed again in the future.

A vote was taken:

Aye: Mrs. Borges; Dr. Hedges; Dr. Fields; Dr. Cole; Dr. Rabold; Dr. Drude; Dr. Randolph

Nay: None

Abstain: As noted above

The motion passed.**EPPP-2 PRESENTATION AND DISCUSSION**

Dr. Steve Demers, CEO of the Association of State and Provincial Psychology Board (ASPPB) was introduced for a scheduled presentation on the development and status of the EPPP-2. Dr. Demers provided an overview of the Board of Directors' approval of ASPPB policy in October 2017 to implement a 2-part examination for all pre-licensure examinations administered after January 1, 2020, including Part 1 (knowledge-based examination—the current EPPP, to be available to eligible graduate students in direct application to ASPPB), and Part 2, a competence (skills) examination in the process of development. Following an overview of the rationale and status of exam development, there was discussion about the concept of a comprehensive assessment of competence and some challenges facing ASPPB and member jurisdictions specific to the policy change.

There was a break at 11:30AM.

At 11:40AM, PUBLIC SESSION RESUMED AS DR. RABOLD CALLED ROLL

- 2) Budget Report—FY18 Payroll Detail FY18 Q3
- 3) Enforcement Stats Running FY18 Q3
- 4) Licensing/Certification Detail FY18 Q3
- 5) Antitrust Implication Referral Analysis
- 6) Rule Filing Update—Training and Supervision Rule Package

PSYPACT UPDATE

Dr. Drude reported that a prospective sponsor of legislation to introduce the interjurisdictional telepsychology compact has withdrawn interest, leading to a need to develop an educational strategy with stakeholders and legislators. Discussions on shared interests with the Ohio Psychological Association has resulted in a strategy that will focus on providing information to Ohio legislators on the purpose and impact of PSYPACT on access to psychological services and decreasing barriers to care. It is likely that efforts to provide education and information will last the rest of the year with the hope that sponsorship and introduction could be seen in early 2019.
